The **Mississippi Coast Special Needs Soccer Association** is proud to announce our new program – TOP Soccer. TOP Soccer is for ALL children with special needs, regardless of their ability. Our organization is private and non-profit as required by law.

The goal of **Mississippi Coast Special Needs Soccer Association** is to promote a fun, safe and enjoyable environment for all children, including children who use wheelchairs and walkers. We also want to enrich the lives of the players and promote the development of learning new skills, teamwork and socialization with their peers through the game of soccer.

We wish to gain the support of Rotary Clubs, City Councils, South Mississippi businesses, civic organizations, volunteers, schools and any other organization, business or individuals that wish to help our special needs players.

The **Mississippi Coast Special Needs Soccer Association** program is currently seeking sponsors, donations, coaches and volunteers. Our TOP Soccer program depends upon the support of individuals and businesses within and outside the community. Thank you for showing an interest in our program for youth with special needs. We hope to provide this program for little or no cost to the children.

Helping Hand Scholarship fund - This fund is specifically designated to help children receive medical treatment or other needed services that will enhance their quality of life, providing assistance to their parents with these endeavors. Donations can be made in any amount.

Donations - We also seek donations of food, snacks and drinks etc... These donations will be for the players during practices and games, as well as an end of season party for all players, volunteers and coaches. Cash or supply donations can be made in any amount.

Anyone wishing to volunteer to coach or assist with the needs of the special needs players can contact Allen Pilcher at 228-860-3903 or email at dyso2003@yahoo.com. We, the league and players, thank you for your support and generosity.

Sincerely,

Allen Pilcher
